

Sources/ReaderContentView.h

```
graph BT; A[Sources/ReaderContentView.m] --> C[Sources/ReaderContentView.h]; B[Sources/ReaderViewController.m] --> C;
```

The diagram illustrates a header file dependency. At the top is a gray box labeled 'Sources/ReaderContentView.h'. Below it are two white boxes: 'Sources/ReaderContentView.m' on the left and 'Sources/ReaderViewController.m' on the right. Blue arrows point from each of these two boxes up to the header file box, indicating that both source files include or depend on the header.
